Sonic Arts

Teaching · Skills · Coding

Multimedia

Programming Skills –

SuperCollider · JavaScript · P5JS
NodeJS · Processing · Arduino

Working Experience

currently	Lecturer	Sonic Arts, Istanbul Technical University, MIAM
2019	Senior Developer	Interactive Physics Sonification System (IPSOS)
2015 – 2018	Module Leader	Athens Metropolitan College
2015	Artist in Residence	Energy for Life Travels
2015	Researcher	Dark Matter
2014	Artist in Residence	Sound Sculpt

Education

Postgraduate Training

2012 – 2016	**PhD**	Keele University, UK
	In-depth studies on Interactive Performance Paradigms with Digital Interfaces	
2009 – 2011	**Masters**	Utrecht School of the Arts, NL
	Improvisation with Interactive Environments and Hardware Interfaces	

Study

2004 – 2009	**BA in Arts**	University of Central Lancashire, UK
	Focus: Live Electronics and Improvisation Systems	

Publications

2020	**Sonification of High Energy Physics Data Using Live Coding and Web Based Interfaces**
	Vasilakos et Al.
	New Instruments for Music Expression (NIME) Royal Conservatoire of Birmingham, UK
2019	**Emerging Dark Matter Through Diverse Sonification Practices**
	Vasilakos, K.
	ITU:Turkish State Conservatoire
2018	**Greap: an Interactive System for Gestural Manipulation of Sonic Material using a Leap Motion Device**
	Vasilakos, K.
	Porte Akademik: Journal of Music and Dance Studies
2014	**Free as in BEER: Some Explorations into Structured Improvisation Using Networked Live-Coding Systems.**
	Wilson et Al.
	Computer Music Journal

Awarded Projects & Links

Funding	Link:IPSOS	CERN, University of Birmingham
Residency	Link:PoP	Energy for Life Travels
Funding	Link:Dark Matter	University of Birmingham
Residency	Link:EASTN	ACROE-ICA
Scholarship	Doctoral Studies	Institute for Social Sciences, Keele University

Extra-Curricular Activities

Sports	Running, Swimming
Music	DJing
Int	Machine Learning, History
